ESTABLISHED 1833. THURSDAY, JULY 14, 1892. PRICE TWO CENTS.

Song of the Royal Worcester.

As unto a lover love is,
So unto a woman, corsets.
Though they hurt her, yet she wears them;
When they fit her then she loves them.
Corsets need not injure women,
ROYAL WORCESTERS will not hurt her,
They will ever give her beauty,
Ease and comfort will they give her.
Form of queenly grace, and stately,
Corsets give her when made rightly.
Do you wish a form of beauty,
For a shapely, comely figure,
For a form erect and stately?
Wear the ROYAL WORCESTER corsets!
Wear these corsets, light and easy,
Soft, Elastic Royal Worcester corsets.
Made of cloth of single thickness,
Having stay-strips, light, elastic.
Steels their have, of wonderous fineness.
Only workmen skilled and trusty
Are permitted to construct them.
Eyes made keen by constant training
Watch with care their every detail,
Making sure that all is perfect.
In these Royal Worcester corsets.
Wonderous, handsome Royal Worcesters,
Chosen corsets for the ladies.

IDAHO MINERS

Have Full Control of the Mines.

Ready to Blow the Mills to Atoms.

Non-Union Men Driven into the Wilderness,

While Others Meet Their Deaths in a Fourth of July Canon.

Troops Arrive Near the Scene of the Riots and a Battle May Ensue—Governor's Proclamation.

CATALDO, Idaho, July 14.—The militia reached here early this (Thursday) morning and Major Pinkham turned the force over to General Curtis, who commands both United States troops and militia. The situation is critical. The miners have full control of the mines and property in Wallace, Osborne and Wardner. They have put a ton and a half of giant powder under the concentrators of the Bunker Hill and Sullivan mill and are ready to blow it to atoms at a moment's notice. The hills around about Wardner are covered with an armed force and 275 men are guarding the mill. They have run all the "scabs" out of the mines at the point of Winchesters and have turned the large force of scabs into what is known as the Wilderness, with nothing to eat.

The citizens of Wardner are terrorized. Women and children have been ordered to leave Wallace and are going as fast as possible. The miners are likely to destroy property valued at over $4,500,000. They will release their grasp of the property and advantages now held by them to force or to the mine owners only on the their terms. It is estimated that 2,000 miners are in readiness to receive the troops. Orders have been issued that no move be made by the troops till daylight comes and and the lay of the land and the strength of the miners' force is better understood.

GREAT EXCITEMENT AT BOISE CITY.

BOISE CITY, Idaho, July 14.—Great excitement prevailed in Boise City all day yesterday. Hundreds of messages from Coeur d' Alene were received, many false and some true, but all tending to keep people in a state of intense excitement. Business was all but suspended on account of the terrible affair. Four companies of United States troops and 214 Idaho militiamen arrived yesterday at Cataldo, seventeen miles west of Wardner. Three companies of colored troops from Missoula also arrived at Mullane. They will wait to be reinforced by five companies of troops from Vancouver, Wash., before they attack the miners.

W. A. Hayburn, of Spokane, yesterday sent the following dispatch to Governor Willey:

"SPOKANE, July 13.—Last night strikers took 137 of our unarmed miners to the mouth of Fourth of July canon, and after robbing them, fired on them. Today twelve bodies of non-union men were found in the canon, riddled with bullets. A number of wounded were carried away by their comrades. This afternoon two hundred more non-union men were sent out of Wardner on a train and under a guard of strikers. They left the train after having escorted them twenty miles. Last night after starting the 137 men out of the canon, they shot them down like dogs.

"[Signed] W. B. HARDESTY."

Governor Willey yesterday issued the following proclamation:

"Whereas it has come to my knowledge and being satisfied that the execution of civil and criminal process has been forcibly resisted in the county of Shoshone, state of Idaho, by bodies of armed men combined to resist the execution of process in existence in the county, and that the power of the said county has been resisted sufficient to enable the officer to execute it and, whereas application has been made to me by the proper officers of said county to declare said county to be in a state of insurrection, now, therefore I, Norman B. Willey, governor of the state of Idaho, in pursuance of the authority vested in me, and the statutes in such case made and provided, hereby issue this, my proclamation, and declare the county of Shoshone, in the state of Idaho, to be in a state of insurrection and rebellion. [Signed]

NORMAN B. WILLEY, Governor.

The governor received the following from the superintendent of the Northern Pacific at Tacoma.

TACOMA, July 14.

GOVERNOR WILLEY:

Striking miners have torn up our track and blown up bridges and have cut down our telegraph wires in the vicinity of Wallace and Mullane. We again demand protection to our property and employes that our communication be not interfered with, also that the lives of our passengers be not jeopardized. We shall hold the county responsible for all damages and delays. Can you arrange by guard of United States troops to guard our property.

[Signed] G. M. DICKINSON.

Governor Willey received the following message last evening:

CATALDO, Idaho, July 13.

GOV. N. B. WILLEY:

The forces here number 550. Four companies are reported in from Missoula, and are now at Wallace. Nothing decisive will be done before tomorrow. We are awaiting the arrival of regulars from Walla Walla and Vancouver. It is reported that the strikers are ready to blow up Bunker Hill and Sullivan mill and mines upon the arrival of the military. The non-union men surrendered and have passed this point for Toka. [Signed]

A. J. PINKHAM,
Quartermaster General.

CATALDO, Idaho, July 13.

TO GOV. N. B. WILLEY:

RUMORS not yet confirmed. Say that the rioters have dispersed and gone to their homes. I will move toward Wallace tomorrow.

[Signed] P. CARLIN,
Commanding.

CATALDO, Idaho, July 13.

TO GOV. N. B. WILLEY:

The enemy is weakening. Arrests can be made soon as officers can get there. [Signed]

T. J. CURTIS, General.

WILL NOT SURRENDER TO COLORED TROOPS.

SPOKANE, Wash., July 14.—The union men will not surrender to colored troops and the first one that shows his face, soldier or non-soldier, will be fired upon. Knowing the insensa hatred of strikers against colored troops it was bad policy to send them and what otherwise might have been settled peaceably will end in terrible slaughter. Excitement here is at fever heat. The crowds opposite the Sun building and telegraph office, anxiously waiting for news, is so dense that ropes are stretched the whole length of the street between Riverside and Sprague avenues at the edge of the sidewalks to keep the excited crowd back. Many of those who have friends and relatives among the miners are now preparing to go to their assistance with arms and money.

TROUBLE OVER AT WARDNER.

PORTLAND, Ore., July 14.—The following dispatch was received in this city at 10:30 o'clock last night:

WALLACE, July 13, 4, p. m.

All the trouble is over at Wardner. The miners have left and are on their way to Wallace. Two hundred men have just arrived from Wardner. Those interviewed say that the trouble is over and all miners not belonging at Wardner will be in Wallace before six o'clock. No bridge was burned between here and Wardner. Trains are moving and mail trains from Spokane will arrive in an hour.

This shows that communication is re-established between Wallace and western points. The miners are completely worn out, many having had no sleep since Saturday night. One wounded man was brought up from Mission on the train. He was shot early in the morning. He was one of the non-union men going out.

AFTER THE COLORED TROOPS.

MINNEAPOLIS, Minn., July 14.—A special from Spokane, Wash., says: "A large body of armed miners left Wallace this morning. They were joined by an equally large force of armed strikers from Mullane. The party intended intrenching themselves in the Mullane defile and await the arrival of the colored troops now en route from Missoula to Wardner. As soon as these soldiers reach the defile the strikers intend to surround them. A bloody battle will inevitably be the result. All newspaper men are virtually prisoners at Wardner and are unable to send out any specials. Nearly all the business men of Wardner who were suspected of anti-union sentiment have been driven out of town by the strikers, and are now in the hills. Mine owners and the reporters are actually in danger of their lives at Wallace. The report is corroborated of the massacre of non-union men at Mission by the strikers who were conducting them out of the country. Twelve men are known to have been killed. Among the number is Monaghan, superintendent of the Gem mine, whose body was terribly mangled.

THE CZAR is much incensed because Count Tolstoi wrote a letter descriptive of the horrors of the famine, which has been published in many European journals. As a punishment the ruler of the starving nation has ordered Tolstoi to forsake his work amid the famished ones and retire to his estate. The population of Russia is, in round numbers, 110,000,000. There is one czar, supported by an army of 1,700,000 men. Perhaps it would be the wiser course for other peoples of the earth, no matter how sympathetic or how benevolent their impulses, to withhold all assistance from the stricken people of Russia until famine and suffering shall prompt them to rise in their might and overthrow and grind into the dust the execrable rule that is a blot upon modern civilization.

IT is a peculiarly saddening thought that those war-worn veterans, Gens. Beauregard and Early, may be driven in their old age to the necessity of following some honest calling in order to earn a living.

IT does seem rather hard that the great American public, which for years shared Mrs. Frank Leslie's ante-nuptial anxieties, is now compelled to consider the possibility of her divorce.

UNBRECLOTHING made of wood fiber is coming into use. That joke of the wooden overcoat will soon lose its point.

GOING TO WORK.

The Carnegie Mills Will Run With Non-Union Men—Can Be Ready Within Ten Days.

PITTSBURG, Pa., July 14.—The Carnegie Steel company is, according to its officials, pursuing a determined plan of attack the Homestead works and have nearly all the arrangements made. Secretary Lovejoy was asked yesterday whether the mill will be operated before the soldiers are withdrawn.

"The soldiers will have no effect on our plan either one way or the other," he answered.

"Can you be ready in ten days?"

"Yes, easily."

"Will you be ready within ten days?"

"We will, with all the men we want and all repairs made."

"Will you start then?"

"If we want to."

Mr. Lovejoy still declares that most of the Homestead workmen will return to work just as soon as the company wants them. He is confident there will be no trouble in securing the remaining men needed in their places.

A telegram was sent to General Snowden, telling him that a number of non-union men had been engaged by H. C. Frick, and were on their way to Homestead. It was reported that Mr. Frick was the authority for the message. On this report Mr. Frick declined to be interviewed.

Secretary Lovejoy said: "I will neither affirm nor deny the story. At a full meeting of the board it was decided that this week we would work instead of talk. This you see we are doing. Our intention is to run the Homestead works with non-union men, and that we will do." Six men who were supposed to be in Homestead to get work on their own book, were sent back to Pittsburg yesterday by the strikers. No one seems to know where they came from.

PREPARING TO QUIT WORK.

The men at the Carnegie union mills in Leechburg and the Beaver Falls were preparing last night to quit work today in accord with their resolution to go out if the Carnegie steel company would not agree to a conference with the locked out men at Homestead. The firm refused to agree to a conference. The men claim they can raise a million dollars or more to support them in their present struggle. They were confident that the non-union men at Braddock and Duquesne would come to their assistance and quit work if necessary. The workmen on the Keystone bridge works did not meet yesterday and the report that they will quit with the employes of the union mills is denied.

RESOLUTIONS ADOPTED.

Thirty-seven master workmen, thirty-five active delegates and many other members met at the hall of district No. 3 Knights of Labor, on Third avenue, last evening. The representatives present pledged the moral and financial support of their various locals to the Amalgamated association in their present struggle. Every representative was instructed to advise its locals to send a committee to the committees of their respective wards and districts urging them to return the money given for the Carnegie free library.

The following resolution was passed to be handed to the city council:

WHEREAS, Andrew Carnegie has adopted arbitrary and unskilled for methods in reducing the wages of his employes in order to build monuments so that his name may become famous, therefore, be it

Resolved, That we call on the officers of Pittsburg and members of the city council to recall the acceptance of the recent gift of a public library to the working men of this city; that we declare that honest working men of Pittsburg cannot, without the loss of manhood and self-respect, accept a gift that has been purchased in this light and in part by the blood of our fellow-workmen.

Resolved, That a copy of these resolutions be handed to the Hon. H. L. Gourley, mayor, for presentation to the council, and a copy sent to the officers of the Amalgamated Association Iron and Steel workers.

UNDER MARTIAL LAW.

HOMESTEAD, Pa., July 14.—The borough of Homestead was this morning placed under martial law, the outcome of unwarranted arrest of strangers.

RETAIL FURNITURE MEN

Christen Their Infant Organization and Elect an Executive Committee.

GRAND RAPIDS, Mich., July 14.—The retail furniture men yesterday christened their infant organization, "The National Furniture Association of the United States." The constitution and by-laws were presented by L. T. Clark, of Minneapolis and adopted. The resolutions adopted appeal for a revision of the present freight rates of furniture and ask the manufacturers to hereafter quote prices on all goods packed instead of charging extra for packing and burlaps and say a great evil exists in the habit of selling at retail. Col. Martin Emery, of Chicago; Thos. C. Perrine, of Pittsburg, and John F. Thomas, of Dayton, Ohio, were elected by acclamation as the executive committee. Last night the visitors were given an elaborate banquet in the fourth story of the Oriel factory.

Strike at St. Marys, Ohio.

ST. MARYS, Ohio, July 14.—The chain makers at the Billet-Standish works have struck for an advance of from 15 to 20 per cent. About 200 men are out. The mill was shut down.

The second anniversary of the pastorate of Rev. J. S. Ainslie will be observed in Plymouth church Friday evening at 8 o'clock. Reports of all departments of church work will be read and a general good time is anticipated. Prof. Miles, Mrs. Culbertson and others will assist in the music. The year just closing has been one of the most prosperous in the history of the church.

MORE SHOOTING

Between the Whites and Blacks at Paducah, Ky.—A Deplorable State of Affairs Exists.

PADUCAH, Ky., July 14.—There was more shooting here last night between the whites and blacks. ALL o'clock a number of men in the northeastern part of the city saw a squad of 150 negroes beyond Oak Grove cemetery and several shot were exchanged. The death of Militiaman Elmer Edwards yesterday has intensified the bitter feeling until it is with difficulty that the more reckless white people are restrained from mobbing negroes on the streets. On the other hand the negroes complain that the killing of Henry Purvine Tuesday night was unjustifiable and must be avenged. Purvine was ordered to throw up his hands but instead of so doing started to run when he was shot dead by the guards. A deplorable state of affairs exists and it is feared that much bloodshed will occur before the end is reached. The woods surrounding the city are filled with negroes. Today a large body of men will hunt them out and arrest them. At midnight last night every thing was quiet except that the streets were heavily patrolled by policemen carrying rifles.

THE CHAIRMANSHIP.

Mr. Cleveland Expresses His Views Upon the Subject—Whitney Will Not Accept.

BUZZARDS BAY, Mass., July 14.—Mr. Cleveland was shown last night the dispatch from New York in the evening papers saying that ex-Secretary Whitney was wavering on his decision as to whether he should accept the chairmanship of the democratic national committee. In commenting on the matter Mr. Cleveland said it was very plain that Mr. Whitney's acceptance was demanded by the unanimous sentiment of the party. His mail is filled with letters from prominent men in all parts of the country in which Mr. Whitney's selection is referred to as the thing to be desired above all other considerations. While he did not think he ought to urge Mr. Whitney to do anything which his judgment did not approve, it was difficult to understand how the ex-secretary could withstand the pressure which was being brought to bear on him to accept the place.

HE WILL NOT ACCEPT.

NEW YORK, July 14.—Ex-Secretary Whitney today, upon being shown the Buzzard Bay dispatch, said: "I do not believe that Mr. Cleveland ever made such a statement. At any rate, I won't take the position."

MARKETS BY TELEGRAPH.

CHICAGO, July 14.—Closing at 1:15 p. m.—Wheat, July, 77¾c; Sept., 77c.
Corn, July, 49⅞; Sept., 48⅞c.
Oats, Sept., 29⅛c.
Pork, Sept., $11.22½.
Lard, Sept., $7.27½.
Ribs, Sept., $7.57½.

NEW YORK, July 14.—Close.—Wheat, No. 2 red winter, 83c cash; July 83c.
Corn, No. 2, 56½c, cash; July, 53⅛c.
Oats, No. 2, nilrad, 36c.
Rye, dull; quoted at 75@78c on car lots.

Sheep, receipts, 8,000; weak, 10 to 25 cents lower.

A marriage license was today granted to Arthur W. Brocker and Mary Ellen Gaffney. The marriage will be a surprise to the numerous friends of the young people.

THE rule of mob law in this country seems to be extending. The fact that so many persons are lynched is the most powerful indictment that could be drawn up against the modes of criminal procedure prevalent everywhere. There cannot be any question of the fact that the machinery of the law, as it is administered in the United States, is cumbrous and slow, and provides more safeguards than terrors for the criminal. A skillful criminal lawyer, if his client possesses any influence or standing whatever, can "swear out" any ordinary case, even of murder. The law fills his hand with trump cards. He can find plenty of technicalities, a flaw in the indictment, or some other legal quibble, and he can ask for new trials and appeals and postpone until the important witnesses are dead or have left the country and the public has forgotten the case.

Every square mile of the sea contains 120,000,000 fish of various kinds.

There are now 250 lepers in Louisiana.

GROUND BROKEN.

The First Move Towards the Erection of the Congregational Church—A Modern Edifice.

Last evening an interesting ceremony was performed at the corner of Harrison and Jefferson streets. It was the formal breaking of the ground for the foundation of a magnificent church edifice which will, ere another year has been added to the past, adorn the southeast corner of those streets. It was a formal affair, consisting of speech-making and singing. Rev. Ainslie made the chief address, referring in an interesting manner to the landing of the Pilgrims and the founding of the Congregational church. A good crowd, mostly members of the church, were in attendance and participated in the services. The work of tearing down the old building upon the church site is now in progress, and as soon as completed workmen will commence the excavation for the foundation. The Congregational church will be one of the most attractive church edifices in the city, though less costly than some of the other buildings.

DEATHS AND FUNERALS.

Mrs. Frederick Kraemer Dies at Grangeville—Other Deaths.

Mrs. Wilhelmina, wife of Frederick Kraemer, of Washington township, died last evening with dropsy of the heart, at the age of sixty years. The deceased has lived in this county forty-six years. Mrs. H. F. Berceforden, of this city, is a daughter, also Mrs. Wm. Limecoody. Charles Kraemer is a son. The funeral will be held Sunday.

The funeral of Henry Eel, who died of hernia, was held at 3 o'clock yesterday afternoon. The wife, son and brother of the deceased, from Chicago, attended the obsequies, which were held in Peltier's undertaking rooms.

The funeral of Miss Rose Irwin will take place from Trinity Episcopal church on Friday afternoon at 4 o'clock, the Rev. A. W. Seabrease, officiating.

Death of a Democratic Politician.

BUFFALO, N. Y., July 14.—Gerhard Lang, the wealthy brewer and democratic state committeeman for the Thirty-second congressional district died at 8:21 this morning of cancer of the stomach.

BOSTON AHEAD

For the First Half of the National League Season.

The first division of the National league championship season ended yesterday, and the Bostons are winners of the preliminary battle. This is due to the fact that they have played wonderfully good ball.

The other teams are now strengthening their weak points, and they propose to give the Bostons a hard rub. The patronage throughout the country for the past few weeks has furnished indications that the national game is regaining the popularity it enjoyed before the trouble between the association and the brotherhood was initiated. Strict economy is to govern the second half of the season. Salaries will be reduced, hotel bills and other expenses curtailed and altogether it is anticipated that the clubs in the league between them can get through with $100,000 less than has been expended since the opening of the season and up to the present time.

The second series of games begins tomorrow.

HAND CAR SMASHED.

But Luckily None of the Riders Were Injured.

The Nickel Plate railway company has a number of trackmen at work repairing the tracks in and near the city. Last night a number of the men took a hand car and started east, intending to stop at some place along the river and enjoy a swim. Eight or ten persons were aboard. When they rounded the curve just east of the city they were horrified to see a freight train approaching only a few rods ahead. It was impossible to stop the hand car, but it was slowed up and the men jumped to the ground just in time to escape the collision. The hand-car was smashed to pieces and scattered on both sides of the track. Luckily, indeed, were the men who had been enjoying the ride, that none of them were injured. They didn't take the swim. Too badly scared.

A NICE APPOINTMENT.

Judge Chapin to go to Mexico and Arizona.

This afternoon Judge A. A. Chapin received from the adjutant general an appointment as special attorney to appear for the government to take testimony in a large number of suits now pending in the court of claims for Indian depredations committed in New and Old Mexico and Arizona. The judge will leave in a few days to enter upon his important charge. It will take several months to dispose of the present batch of cases.

A TRUE HERO.

Ralph Colerick Saves the Life of Chauncey Griffith.

Yesterday at Home City, Chauncy Griffith, of this city, met with an accident that he will never forget. While he was in bathing at Spring Beach he was overcome and rendered helpless by cramps. A number of persons on the bank saw him sink the first and second time when they gave the alarm. Ralph Colerick, who heard the cries, ran to the shore and plunged into the water, swimming the drowning young man as he was going down the third and last time. It was a close call, and honor is due the young rescuer, who will now have fame added to his popularity. Ralph's brother, Will, distinguished himself at Rome City not more than ten days ago by saving the life of a lady who came near drowning by reason of a capsized boat.

LOCAL LINES.

Attorney S. R. Alden went to Petoskey this morning.

Born, to Mr. and Mrs. Andy Fox, of East DeWald street—daughter.

Mrs. D. Case and daughter, of this city, are visiting friends at South Whitley.

Rev. Edward Matthews is at Butler, where he delivers a lecture this evening.

Miss Fannie Stoner, who has been in Chicago the past few days has returned home.

Mrs. S. B. Sweet, of Indianapolis, is the guest of friends and relatives in this city.

Martin Allman has filed her bond as executrix of the estate of Rudolph Allman, deceased.

Atlantic King won the 2:35 pace at Saginaw yesterday in straight heats. Best time, 2:21¼.

Application has been made for the recommitment of Martha D. Luman to the insane asylum at Richmond.

The Misses Bee and Minnie Heusner, of Sidney, Ohio, are guests at the West Williams street home of Mr. and Mrs. William Callahan.

Mrs. A. Wiggins, of Smith street, and her three sons, will leave this evening for the east, where they will visit relatives during the summer.

The Logansport Pharos says: "John J. Campion, of Fort Wayne, arrived in the city this afternoon on a visit with his brother, Very Rev. M. E. Campion."

Charles Miller, wife and son, Vincent, returned yesterday to West Unity, Ohio, after a visit of nine weeks with Rink Mergel and family. Mr. Miller is a druggist.

Mrs. Mollie Bunsh, of 250 Clinton street, and her sister, Miss Mattie Stark, have returned from Paulding, Ohio, where they attended the funeral of a relative.

S. J. Hartshorn, of 114 Butler street, has received from his son, who works in the mines at Aspen, Col., a valuable piece of silver ore as it comes from the ground. It is a fine specimen.

Charles Noll, who has been spending his vacation with his folks at No. 22 Brackenridge street, leaves today for Cleveland, Ohio, where he holds a responsible position with Amon, Stevens & Co.

The fire department made some experiments with its longest extension ladder last night. This ladder is brought out about once in six months in order to put the men, especially new ones, through the drills.

Lew McMullen, John A. Seobolt, Ed Schele, John Brunskill, Ralph Allen, Reuben Brouand and Edward Rapale are perfecting arrangements for the formation of a new military company in this city similar to the Rifles.

Anthony Sherman, of Padua, Ohio, and Mrs. John Welling, of New Corydon, Ind., were summoned to the bedside of their brother, Theodore Niemann, who is dangerously ill at his home, 272 East Washington street.

The Bluffton Banner says: "Miss Laverne Myers will spend a few days with friends in Fort Wayne.—Mrs. C. Underwood, of Fort Wayne, is the guest of Mr. and Mrs. Charles McSendry.—The hall given by the Uniform Rank of K. of P. last evening was very fairly attended. About thirty couple were present. The music was furnished by Frank Cross, of Fort Wayne."

One of Allen county's prominent farmers is Jonathan Crow, of Wayne township, who dropped into THE SENTINEL office this morning to chat awhile with the editors. Mr. Crow has passed his seventy-eighth year, but time has dealt gently with him and he moves about sprightly and has the appearance of a man less than sixty. He has been a constant reader of THE SENTINEL since 1845. Mr. Crow's memory is excellent and his mind is stored with interesting recollections of early times.

The discovery has been made that on one side of the new quarter-dollar there are thirteen separate representations of the number thirteen. It was probably the intention of the designer of the new quarter to have thirteen occur thirteen times, but few people noticed the fact. There are 13 stars, 13 letters in the scroll held in the eagle's beak, 13 marginal feathers in each wing, 13 tail feathers, 13 horizontal bars, 13 arrow heads in one foot, 13 leaves on the branch in the other foot, and 13 letters in the words "quarter dollar."

The First Christian church lot has been taken to Toledo by the Rev. Mr. Updyke, who will hold services in it out of the city until the last of September, when he will return with the tent and the congregation will pitch it on some vacant lot as a house of worship during the early fall. There has been some difficulty by the church in getting a title to the lot on which the old building stands, the same lot which is to be occupied by the new one. Several people who claim that they are heirs have bobbed briskly into the foreground and are asserting their claims with firmness. So long as this matter is not straightened out the church does not feel like going ahead and commencing the work. However, the trustees feel encouraged at prospective progress and over that the little difficulties will be overcome in time to commence the erection of the structure soon and get it completed in fall or the early part of winter.

IT IS SOLD.

The Tri-State Building and Loan Association Purchases the Old Engine House Property for $31,000.

Thursday council met in special session last evening to consider the proposition of the Tri-State Building and Loan association for the purchase of the old engine house property, corner Clinton and Berry streets. Mayor Zollinger presided and fifteen councilmen were present. Following is the offer made by the association:

TO the common council of the city of Fort Wayne:

Tri-State Building and Loan association, Tri-State Building and Loan association No. 2 and Tri-State Building and Loan association No. 3 make to the city of Fort Wayne the following proposition: They will pay said city $35,000 for lot No. 100, old plat, city of Fort Wayne, Allen county, with the present buildings thereon, payable as follows:

$3,000 cash on acceptance of this proposition and the delivery of an abstract of title thereof showing a clear title and right to convey.

$2,000 September 15, 1892.
$1,000 October 15, 1892.
$1,000 November 15, 1892.
$1,000 December 15, 1892.
$1,000 January 15, 1893.
$1,000 February 15, 1893.
$1,000 March 15, 1893.

And $2,000 on the fifteenth day of each succeeding month till the balance is paid in full, being for twelve months, or at an earlier date if desired by the association. If the prior payments are made, the city shall, when the payment of March 15 is made, convey to said association or such persons as they shall direct by warranty deed to said property, and the persons to whom said property is conveyed shall execute to said city a mortgage on the property securing the deferred payments, and thereupon said city shall surrender possession of said premises, said city shall pay to said association as rent for said premises an amount equal to 6 per cent. interest upon the payments made in advance of possession being surrendered, and said association shall pay said city 6 per cent. interest upon payment after the surrender of the premises from date of such surrender thereof.

(Signed)
TRI-STATE BUILDING AND LOAN ASSOCIATION,
D. N. FOSTER,
C. A. WECHMAN,
Committee.

The council accepted the proposition without much debate, and Mr. Michael introduced the following preamble and resolution, and moved their adoption:

WHEREAS, The Tri-State Building and Loan association, Tri-State Building and Loan association No. 2, and Tri-State Building and Loan association No. 3 have submitted a bid for lot No. 100, old plat, and the same being the highest and best bid and not less than the appraised value thereof; therefore, be it

Resolved, That the proposition of the above association be and is hereby accepted, and that the mayor and finance committee and city attorney proceed to furnish the association with the necessary abstract of title and do all things necessary to complete the sale.

The motion was adopted by the vote of all councilmen present, 15, viz: Drellbiss, Eggemann, Fox, Hanna, Hazard, Keim, McClelland, Meyer W. D., Meyer F. C., Michael, Oakley, Pettit, Schiel, Skelton and Wolf. The absentees were: Buck, Cody, Kelker, Meyer Wm. jr. and Scherer.

Councilman Michael then introduced the following resolution, which was adopted unanimously:

Resolved, That the fire commissioners be instructed to look up a suitable site for an engine house to be known as the Central house, and report to the council at its next meeting.

For years past the city council has been considering the matter of selling this property and for less than a year ago Mr. B. Trentman offered $30,000 for it in deferred payments without interest. The offer was refused as it meant a payment of only $31,000 for the property.

Two weeks ago the council again decided to dispose of the property and appointed John Forbing, Clerk Fairbank and G. W. Ely appraisers. They valued the property at $35,000 and the Tri-State Building and Loan associations at their annual meeting held Tuesday night, decided to purchase the property on payments as stated above.

A FINE NEW BUILDING.

It is the purpose of the Tri-State Building and Loan association to erect on the premises a massive block, to be used exclusively for office purposes. It will be of the best stone and finest workmanship, and will be fireproof throughout.

The building will be seven or eight stories in height and arranged much more conveniently than any other office building in the city. No plans have been made, although they have been thoroughly discussed and the practical outline of the work has been arranged for the architect. It is estimated that the improvement will cost between $75,000 and $80,000, and will be built as early next year as is convenient for both the city and the purchasers.

NEW ENGINE HOUSES.

The city will now be compelled to proceed with the erection of new engine houses. The fire commissioners have already decided to build two central houses, one near the corner of Harrison and Jefferson streets, and the other east of Calhoun street. One of these will be the headquarters of the chief of the department. Later arrangements will be made for fire protection in Bloomingdale and the extreme eastern portion of the city.

The Catholic sisters from various parts of the country have been at Huntington this week observing what is designated as the Retreat, in which they meet for instruction and improvement in their line of work. There are perhaps thirty-five or forty in attendance.

Let There Be Peace

in the gastric region. Attended with nausea from sea sickness, biliousness or other cause, Hostetter's Stomach Bitters will immediately put a stop to the stomachic disturbance. A prominent and most significant feature of your complaint is sought in the constipation. The symptoms disappear and the cause is removed by the Bitters. Many persons have very delicate stomachs which trifling indiscretions of eating or drinking, even what might that is regular, disorder. Such persons cannot do better than use the Bitters for their digestive region with the bitters, a tonic specially adapted to retaine it. For dyspepsia, biliousness, kidney troubles and rheumatism, kidney troubles and rheumatism the Bitters will be found universally beneficial, and when sleep is untouched and sound, it is a most comprehensive and delightful remedy.

STARTLING FACTS.

The American people are rapidly becoming a race of nervous wrecks, and the following startling facts remain: Alphonso Hamilton, of Boston, Ga., says, that when his son was speechless, ataxic, etc., Dr. Miles' Restorative Nervine cured him. Mrs. J. E. Miller, of Independence, Kan., lost 27 lbs. in 1 month, and gained 30 pounds from taking it. Mrs. J. Chadwick, of Valparaiso, Ind., was cured of 40 to 50 convulsions a day, and much headache, blindness, dizziness, and nervous prostration, by this tonic. Daniel Myers, Brooklyn, Mich., says he was cured of fits, nervousness, and sleeplessness. Trial bottles, and free book of marvelous cures, free at druggists. This remedy contains no opiate, or dangerous drug. Dr. Miles' Restorative Nervine.

TRIAL BOTTLE FREE.

BUOYANCY OF BODY

will follow the use of Tutt's Liver Pills. They are specially adapted to relieve all the ills that are incident to a bilious habit. They are mild in their action, and yet so thorough and searching that no bile escapes their influence. Their action upon the liver is prompt and decisive, and a healthy secretion is soon established. Their effect upon the system is marked by a feeling of buoyancy and lightness, and a general improvement in the tone of the entire system. Tutt's Liver Pills are the result of long study and experience in the treatment of those diseases which are the most fatal to life and health. They are specially adapted to the wants of the dyspeptic, the bilious, the nervous, and those who are suffering from the effects of a sedentary life, or from the use of malarious water

TO CONTRACTORS.

Sealed proposals will be received by the common council of the city of Fort Wayne at the council chamber in the circuit court room on Tuesday, the 20th day of July, 1891, for the following work:

For constructing a 18 inch clay pipe sewer with the necessary man holes, catch basins and connections in the alley between Washington street and Jefferson street from the new sewer constructed in said alley to Ewing street.

For grading and paving the alley between Washington street and Jefferson street, from Broadway to a point 150 feet west of Broadway to a width of 14 feet with cedar blocks 4 inches long on a foundation of sand 6 inches deep.

For grading to a width of 8 feet and relaying the brick sidewalks to a width of 4 feet on the south side of Jefferson street from the new alley east of Ewing street to Smith street.

For grading to a width of 30 feet and paving with brick to a width of 6 feet, the sidewalks on the west side of Smith street, from Jefferson street to Pontiac street.

For grading to a width of 18 feet and paving with brick to a width of 4 feet the sidewalks on the west side of Webster street, from Jefferson street to Pontiac street.

For grading to a width of 30 feet and paving with brick to a width of 6 feet the sidewalks on the west side of Harrison street, from Wayne street to the north line of lot 11 W. H. Nelson's addition.

For grading to a width of 18 feet and relaying the brick sidewalks to a width of 5 feet on the north side of Main street, from Broadway to Jackson street.

For grading to a width of 30 feet and relaying the brick sidewalks to a width of 5 feet on the north side of Main street, from the south east corner of lot 20 Hockaday's second addition to the east line of the right of way of the Grand Rapids and Indiana Railroad.

For grading to a width of 30 feet and paving with brick to a width of 4 feet, the sidewalks on the west side of Harrison street, from Main street to Archer avenue.

For grading to a width of 8 feet and paving with brick to a width of 4 feet the sidewalks on both sides of Hartfield street, from Tilden avenue to Fourth.

For grading to a width of 18 feet and relaying the brick sidewalks two width of 6 feet on the south side of Superior road from the west line of lot 27 McCullough's first addition to Lafayette street.

For grading to a width of 30 feet and relaying the brick sidewalks to a width of 6 feet on the east side of Hanna street from Charles street to Buchanan street.

For grading to a width of 18 feet and relaying the brick sidewalks to a width of 6 feet on the north side of Berry street from Clinton street to Harmar street.

For grading to a width of 18 feet and relaying the brick sidewalks to a width of 6 feet on the south side of Berry street from Clinton street to Harmar street.

For grading to a width of 18 feet and relaying the brick sidewalks to a width of 6 feet on the south side of Berry street from Harmar street to Calhoun street.

For grading and paving the first alley south of Berry to a width of 18 feet with vitrified paving brick on a foundation of sand 6 inches deep and a cushion coat of sand 2 inches deep.

For grading Weir street from Taylor street to Williams street to a width of 30 feet.

For grading Rockhill street from Sherman street to Franklin street to a width of 30 feet.

For grading Fisher street from Lafayette street to Clinton street to a width of 30 feet.

For grading Creighton avenue from Lafayette street to Clinton street to a width of 30 feet.

For grading Clinton street from Creighton avenue to Fisher street to a width of 30 feet.

For grading to a width of 18 feet and relaying the brick sidewalks to a width of 4 feet on the south side of Washington street adjoining on Lots 5 and 6 Lasselle's addition.

For constructing a 18 inch double ring brick or iron pipe sewer with the necessary man holes, catch basins and connections on Oliver street from the brick sewer now constructed on the south side of the New York, Chicago and St. Louis Railroad to the brick sewer on the north side of said railroad.

Plans and specifications can be seen at the office of the city civil engineer, to which all information concerning the work may be had.

The common council reserves the right to reject any or all proposals.

By order of the common council.

F. W. HANDALL,
City Civil Engineer.

RAILROAD RACKET.

News Gathered About the Several Railroad and Manufacturing Establishments of the City.

Pittsburg Engineer I. Clem is sick and off duty.

Fireman F. H. Emlen, of the Pittsburg, is sick and off duty.

Engineer C. J. Hanson is unable to work on account of sickness.

Engineer George Burnam, of the Nickel Plate, has reported for duty.

Frank Vachon, of the Pittsburg boiler shop, is off duty on account of sickness.

William Madison, late foreman in the Pittsburg machine shop, is sick and off duty.

Nickel Plate Conductor Ketselman returned to work today after a long vacation.

John Kelly has reported for duty, after a sickness. He is a boilermaker in the Pittsburg shops.

Fireman L. Griblin, of the Grand Rapids, reported for duty yesterday, having recovered from an illness.

George Schmacker resigned his position in the Pittsburg machine shop to take one in the Borghoff brewery.

James Craig, of Rhinesmith & Simonson's factory, returned to work this morning after a three days' illness.

Anthony Haverly has resumed charge of his forge in the Pittsburg blacksmith shop after a day's illness.

Christian Weller is filling the operator's chair at the Pittsburg depot, in place of Miss Lucy Meyers, who is ill.

Bert Evans, bookkeeper in Rhinesmith & Simonson's office, has returned from a two weeks' outing at the northern lakes.

John Driscol reported for duty this morning, after taking a vacation of a few days. He is employed in the Pittsburg boiler shop.

Pittsburg Engineer S. Sweney and Fireman L. J. Miller and J. H. Shinefelt have returned to their duties after being on the sick list.

A. Fox spends his evenings now roaming over the fields adjacent to the city in search of catnip to make tea for a ten pound girl recently arrived.

Con Connedy, formerly engineer on the Nickel Plate, but now running on the Clover Leaf, with headquarters at Charleston, is in the city, visiting his family, who resides here.

Ed. F. Gaffney, one of the stars in the Pennsylvania base ball club, yesterday resigned his position in the Pittsburg copper shop. He will, however, continue a member of the ball club.

O. L. Babcock will next Monday move into his recently purchased property at 68 Charles street. Oliver has a pleasant home and is a clever gentleman. He is employed in the Pittsburg machine shop.

John MacKenzie, superintendent of motive power of the Nickle Plate, passed through the city yesterday on a tour of inspection of the western division. He was accompanied by H. S. Miller, general car inspector, and A. S. Work, road foreman of engines.

J. H. Medaker and Richard Hartnett will officiate as election clerks in the Fourth ward tomorrow, when our citizens will take a vote on the Findlay, Fort Wayne and Western railway appropriation. Messrs. Medaker and Hartnett are employed in the Pittsburg car shop.

The Philadelphia Knights Templar passed through the city this morning on a special train of eight coaches, bound for the Pacific coast and later the conclave at Denver, Col. Among the knights was Adam Lohman, a merchant tailor of Chambersburg, who inquired after a number of Fort Wayne people who are old friends.

EAGLE LAKE.

A Budget of Gossip from a Popular Summer Resort.

CORRESPONDENCE TO THE SENTINEL.

EAGLE LAKE, July 13.

The unpropitious weather of the springtime and early summer has not seriously affected Spring Fountain Park. The park is in its gayest and most fascinating garb, velvety emerald lawns, artistically designed flower gardens, silver bright ponds, gurgling fountains, purling brooklets and well kept shrubbery. All these adjectives, and many more, apply to Eagle Lake. Most of the cottagers have taken up their residence in their summer homes. They represent Indianapolis, Chicago, Peru, Fort Wayne, Rochester, Plymouth, Goshen, Elkhart, Wabash and other leading cities in the central and northern part of the state.

Preparations for the opening of the third annual session of Spring Fountain Park Assembly is now consuming the time and attention of the managers and attaches of the park. This convention opened today, (13th,) and will continue until August 10, presenting a rare and attractive program in connection with the summer schools, which special departments have been fortunate in securing as their respective heads men and women of decided ability and known reputation. The outlook for the success of the assembly this year is most propitious.

Mrs. E. A. Blaker, principal of the Indiana Kindergarten and Primary Normal Training school, and superintendent of the Indianapolis free kindergartens and domestic training schools, is now pleasantly located in her cottage, "Oakwald," at this place. She has been secured as the superintendent of the kindergarten department in the assembly schools, and will be assisted by Mrs. L. B. Nash and Miss Mary Cooper, both of Indianapolis.

Fifty new cottages have just been completed and fifteen more contracted for, thus filling the first plat of building lots laid out. A section containing several acres will be surveyed immediately and staked off for the accommodation of the public desiring to invest at Spring Fountain.

The Indiana granite and marble dealers of the state of Indiana held an interesting convention at the Eagle Lake hotel Saturday and Monday last. They were present to the number of fifty or more, many of them being accompanied by their families.

Among the hotel arrivals for the last two days are Mr. and Mrs. C. F. Walton, Fort Wayne.

OCTIMO.

About 1:30 yesterday afternoon as an electric car was passing Eckart's packing houses on its way toward the city, a horse attached to a buggy and driven by a farmer's wife, scared and jumped in front of the car. The latter was under full speed and, striking the buggy, turned it over, breaking the harness and freeing the horse. The car was stopped and the motorman and conductor managed to put the outfit together sufficiently to allow the lady to go on her way home. She was uninjured and apparently not frightened.

Joseph Ruby, of Columbia, Pa., suffered from birth with scrofula humor till he was perfectly cured by Hood's Sarsaparilla.

THE SAFETY SALE MEASURE.

The Requirement Made of the Nickel Plate Meets With Public Approval.

"I see that the council took up the measure introduced on Saturday by THE SENTINEL, providing for better protection at railway crossings on streets at the north side of the city," remarked a gentleman to THE SENTINEL reporter this morning. "It was a good measure and deserved the report which it received. The council could not have adopted a resolution that will be more thoroughly appreciated by the people. It meets a popular requirement, one that has been apparent for a long time, but lately made more urgent by the increasing traffic on our streets and the possibilities of accident created at some of the crossings by the frequent passing of two lines of electric cars over them. There are five churches south of the Nickel Plate tracks that have to cross them to reach the Catholic cemetery and in the past funeral callages have been in constant danger. The gates which are to be put up will give a much greater degree of safety and no doubt the advantages to the public will be fully demonstrated when the electric lines get in full operation. The flagmen at these crossings have always been careful and watchful men, much to the credit of the railroad company and themselves and while their care is ordinarily sufficient for warning and protection to pedestrians, it is well known that where there are many vehicles passing and repassing over a railway crossing, with drivers frequently heedless of the flagman's warning, or reckless enough to attempt to cross, there can be no assured safety except by dropping barriers over the street. Drivers are then compelled to wait until the street is opened for their passage again.

"Now that the steady growth of the city, and the improvement of suburban places and the increasing vehicle traffic across its track in the heart of the city make this step necessary, the requirement should meet with prompt compliance. There is another road, however, that should be asked to do something of the kind in the west end of town, and that is the Muncie. I wish that you would bring this to the attention of the council through the columns of your paper."

A number of other merchants and prominent citizens who have been heard to talk on the subject said that they were pleased with the measure for better protection at the crossings along the Nickel Plate and that the council had taken a wise step just at the time when rapid transit was likely to largely increase the necessity for something of that kind.

Don't Rub off the Enamel

of the teeth with gritty preparations. The teeth are too valuable to be trifled with. When gone, you must have false ones or "gum" yourself through life. Use SOZODONT, which contains no grit. It cleanses the mouth and vitalizes the secretions.

Angus McPherson was at Rushville yesterday.

Dr. T. J. Dills has joined his family at Waupetonsing, near Pelosky.

Mrs. Max Rubin and family are at Home City for a two weeks' outing.

John W. Baker, of the Columbia City Commercial, was in the city last evening.

F. L. Jones and family open their cottage at Home City this week, for the summer.

Mrs. Mason Long and family have arranged for a sojourn at Spring Fountain park.

Cy Lose, foreman of the Journal job department, is taking a vacation at Home City.

Miss Nellie Spangler, of 56 West Pontiac street, has gone to Decatur, Ind., for the summer to study art.

Born, to Rev. Baude and wife, of Seattle, Wash., a daughter. Mrs. Baude will be remembered as Miss Selina Hoppe.

Miss Florence McConahy, who was the guest of Miss Minnie Smith, of East Washington street, has returned to Van Wert.

Miss May Haines, a teacher in the International Business college, will spend the month of August at her home in Saginaw, Mich.

Mr. A. C. Keene, who has been the guest of W. B. Fisk, of West DeWald street, for the past week, left last evening for his home in Vevay, Ind.

The funeral of Robert Ellis, yesterday, was largely attended by friends and members of the G. A. R. The hearse was draped in the national colors.

Yesterday a number of horses escaped from the farm of Rockhill Bros. & Fleming, and after a long hunt all were recaptured except a gray two-year-old filly and a bay mare.

Instead of contemplating a trip to Florida, as has been announced, Miss Minnie Thompson is anticipating a month's visit to Lake Maxinkuckee, after which she will take a trip to New York city.

Born to Mr. and Mrs. Robert Muehlfeith, of Randolph street, a son.

Born to Mr. and Mrs. Hannigan, of 189 West Superior street—a daughter.

Trixter and Lulie Banks, two fast trotters, are still sportered at the race track.

Born to Mr. and Mrs. Ferdinand Knode, of West Creighton avenue—a daughter.

At the meeting of the Elks last evening Fred Hull was initiated into the mysteries of the order.

The T. M. C. C. club will be entertained Friday at the home of Miss Tracy Guild, in South Wayne.

Dr. George Thain, formerly of this city, but lately of Chicago, has returned to this city, and will probably practice here.

Mr. and Mrs. Freese, of West Creighton avenue, will entertain a party of friends this evening in honor of Miss Keeper, of Indianapolis.

Mr. and Mrs. Fred Grafle and children have gone to Wabash, where Mrs. Grafle and children will make a visit, Mr. Grafle returning today.

Grace Napoleon starts in the 2:30 trot at Richmond, Ind., today. Strait Boy starts tomorrow. Both horses will be driven by W. H. Fleming.

Mrs. J. C. Lee, Mrs. John Fulton and Miss Edith Fulton have gone to Chicago to visit Rev. Fulton, of the Second Presbyterian church of that place.

E. P. Thomas, general manager of the Singer sewing machine office, is anticipating the arrival of his family from La Crosse, Wis. Mr. Thomas and family will reside here.

H. W. Heine, with the Heinz Co. Pickle works, at Lafayette, has returned from a week's visit to the Peter's cottage, at Home City, and is stopping at Mrs. A. H. Lehman's, on Harrison street.

Agent H. Read, of the Humane society, is investigating a case which is so shocking and revolting in its character that it will not bear publicity. If certain charges can be sustained the human beast who figures in the case will go to the penitentiary.

The new Carnahan building is nearing completion. This will make the handsomest business block on West Jefferson street and will be a credit to the city. Mr. W. L. Carnahan's whole sale shoe business will be carried on there on a greater scale than ever before.

Misses Mary Slocum and Lizzie Schneider, of Grand Rapids, and Miss Nellie Bicknell, of Garrett, Ind., are in the city to attend the reception to be given next Tuesday evening by the Misses Minnie Ferguson and Edith Bacon, at the West Berry street home of the former.

The members of the Platt Deutsche Fritz Reuter Verein are making great arrangements for the excursion to Home City soon to be given by the organization. This society has for its chief object the pleasure of a good time and, like a few other orders, it never has any money in the treasury.

J. B. Manning is at Cleveland on business.

Born to Victor Sallot and wife, of Summit street—a son.

Otto Grahl, a Chicago druggist, is the guest of his parents in this city.

H. C. Rockhill went to Richmond this morning to attend the races.

THE PEOPLE'S STORE.

THE GREAT success that has always attended our **Semi-Annual Sales** is convincing proof that the public know of their GENUINE nature. It is our custom to give only **two sales** a year, at the close of the **Summer** and **Winter** seasons, in order to dispose of all **Surplus Stock.** All fair-minded people will at once see that this is most rational. At this SALE we intend to outdo anything we have before attempted. In Every Department will be found lots of goods that we must positively dispose of; it does not matter what they cost, cost does not figure in the case; goods have got to be sold and in many cases we shall sell them **much below cost.**

+ Our Great Semi-Annual Clearance Sale +

Will Commence Saturday, July 16, and Contiune Until August 1st.

The Counters will be Overflowing with Bargains. We cannot Quote all of them, but read below a FEW of the ITEMS that will be found on Sale:
